

RREM/CERT Resident Information Sheet

The Rocky Ripple Emergency Management (RREM) Committee and the Community Emergency Response Team (CERT) has been trained in disaster preparedness for hazards that may affect our neighborhood. CERT members can assist residents following an event when professional responders are not immediately available to help. To better serve the community, it would be helpful to know who may need help and who can provide help in a time of a large-scale emergency. By providing your information, you can help us organize our response for the safety of the entire community.
