

Rocky Ripple Flood Project Survey

10-6-2018

As you may know, the Town of Rocky Ripple has been working with the City of Indianapolis, DPW and Butler University to come up with a project that would offer Rocky Ripple 100 year flood protection.

The Board wants to provide you the opportunity to express your opinion about the Option 3 that DPW and the City of Indianapolis are offering. If you're not familiar with this option, please visit www.rockyripple.com. You should have also received a letter on orange paper from a group of residents that summarized the option or you may have recently attended the special Town meeting on Oct. 2.

This is a big project that has taken a considerable amount of time and money to come to this conclusion and the City of Indianapolis will not be willing to offer us this opportunity again.

The Board asks that you take the time to please submit this form. If you've already submitted the previous survey from the meeting at Butler University and have no additional comments or concerns, no further action is requested. The Board will include them in our final evaluation.

Drop this form off at the Town Hall in the outside door slot at the Marshal's office by

5:00 pm Friday October 26, 2018
